

# LUMINAIRE ULTRA®

Detroit Auto Show — Creative use of multiple backlit graphics at the focal point of a tradeshow exhibit enhances an effective sales presentation.

**LUMINAIRE ULTRA®**'s outstanding illumination characteristics, elegant styling aesthetics, and superb functionality have set the industry standard for backlit graphic display illuminators for over a decade.

Internationally, **LUMINAIRE ULTRA®** is used in a wide range of retail, point-of-purchase,

museum, exhibition, and a variety of other display applications.

- Profiles of 5 1/4" (133 mm) and 6 5/8" (168 mm)
- LUMINAIRE ULTRA® provides easy service and graphic access with a flip-open side section in smaller sizes. The entire frame hinges

forward on larger units and recessed units.

- All-aluminum structure
- Precision placement of color-correct\* fluorescent lamps provides powerful, even illumination
- Wide variety of colors and finishes

- Single-sided, double-sided and wall-inset models

- Outdoor models available
- 25 standard sizes, from 11" x 14" (279 x 356 mm) to 48" x 96" (1220 x 2438 mm)

- Custom sizes available

\*provided in most sizes — see price sheet

Single-sided wall-mount unit.

Zale Jewelers — Wall-inset units conserve space in narrow traffic corridors and other space-limited areas.

Sam Goody Music — Wall-mount model, positioned within a product offering, amplifies products to customers and provides a highly-effective P.O.P. display

### WALL-INSET: 3 3/4" (95 mm) inset depth

Sizes less than 48" (1219 mm) in both dimensions

A = GRAPHIC PANEL WIDTH\*\*  
B = GRAPHIC PANEL HEIGHT\*\*

### WALL-INSET: 5 1/4" (133 mm) inset depth

Sizes 48" (1219 mm) or greater in either dimension

\* Unit is supplied with hinge on a shorter side, unless otherwise requested. Wall-mounting hardware, which allows unit to be mounted either as indicated or rotated 90°, is provided. The unit may be mounted with the hinged section either on one side or on the top.

\*\* Orientation (graphic panel width and height) must be specified at time of order, as the unit must be mounted with the hinged side on the bottom.

Smaller units have a flip-open side section for easy graphic and service access.

Entire frame hinges forward for easy service and graphic access on larger and recessed units.

- Standard Lamps are T-12 (1 1/2" [38 mm]) diameter; 5000° K. color temperature in most sizes.

- UL and CSA listed
